SKILLS SUMMARY

- **Languages:** Python
- **Tools:** Kubernetes, GIT, MySQL
- **Platforms:** Web, Windows, Microsoft Office, GCP, Microsoft Azure
- **Soft Skills:** Leadership, Event Management, Time Management

EXPERIENCE

Trapsi — Remote
Administrative Intern — *Oct 2020 - Nov 2020*
- : Assisted with organizing and managing their daily administrative works
- : Contributing to various other miscellaneous operations and marketing related projects simultaneously

PROJECTS

- **CoWIN Vaccine Availability Tracker**: (Work in progress)
  - Developed a python Script to track vaccine availability in CoWIN website using the cowin API
  - Earlier tracking vaccine availability was a very difficult task due to a lot of people simultaneously accessing it.
  - More than 10 people used this script to know the availability and they successfully booked their slots for vaccination.
  - Now Working on Creating a GUI interface for the script.
  - **Tech Stack :** Python

- **Login Authentication Script**:
  - This is a simple user login system which stores the user info in a text file.
  - To secure the users password, I have implemented hashing
  - Users will also be able to reset their password using an OTP sent to their Email ID.
  - Working on integrating it with My SQL and Creating a GUI.
  - **Tech Stack :** Python, MySQL

CERTIFICATION

- **Microsoft Certified in Azure Fundamentals**: Microsoft (May '21)
- **Architecting with Google Compute Engine**: Coursera (September '21)

HONORS AND AWARDS

- **GCP Serverless Hackathon Winner :** Got into top 10 out of 500 Students.**- October, 2021**
- **Semi-Finalist in Tech Gig Code Gladiators 2021 - August, 2021**
- **Achieved Ultimate Milestone in Google Cloud Facilitator Program - June, 2021**
